

Highlights of the CAFRAL Advanced Bank Management Program – 2016

Participants of CABMP 2016 with Director and Speakers – Indian leg

After the success of the pilot program organised in 2015, CAFRAL organised its signature international program CABMP 2016 in the month of October 2016 with an objective to enhance the competency and skill levels of senior executives in Indian commercial banks and Reserve Bank of India. The second program in the series was arranged in two legs:

- a) Indian Leg from October 5-7, 2016 in Mumbai, India.
- b) Overseas leg from October 17-22, 2016 in Washington DC USA. The overseas leg was organized in association with Robert H Smith School of Business, University of Maryland, USA.

Participants of CABMP 2016 with Director at Robert H Smith School of Business – Overseas leg

The program included, inter alia, class room sessions and study visits and interactions with regulatory authorities and international institutions like the Federal Reserve Board (FRB), Office of the Comptroller of Currency (OCC), Securities and Exchange Commission (SEC), World Bank, IMF, FDIC, etc. The coverage was essentially in the area of risk management, asset liability management, consumer and project.

The program was attended by 15 participants from 8 public sector banks, 2 private sector banks and Reserve Bank of India. Robert H. Smith School has issued Advanced Banking certificate to the participants on their successful completion of the Course.

The above program will be organised for Non-Executive Directors on the Boards of commercial banks in Bengaluru over two days from November 29 to 30, 2016.

The objective of the program is to share the latest developments relating to regulation and supervision of commercial banks, bring in awareness among Non-Executive Directors of commercial banks about the various risks involved in the functioning of banks, to upgrade their skills and sensitise them about business strategies and risk management, asset quality management, Basel III, Risk Based Supervision, corporate governance as also any other issue of significant relevance.

CAFRAL Workshop on Commodity Risk Management for Bankers

December 15, 2016 | The Classroom, Taj Lands End, Bandra, Mumbai

Volatility in commodity prices impact the banks as lenders to commodity related businesses and the availability of finance to many commodity companies gets reduced. In such a scenario, Majority of potential borrowers, find it harder to access bank for trade finance facilities as banks withdraw credit lines in order to help ensure their balance sheets remain efficient and meet the regulatory requirements.

In order to enhance the awareness of Commodity price risks, SEBI and RBI, have taken some salient step
