

Program on Fraud Management

January 30-31, 2017, Mumbai

Program Description

The rising trend in loan related frauds in the financial sector is a matter of serious concern. Equally disquieting is the delay in detection and reporting of such frauds by banks. The rapid surge of computer applications in banking sector have exposed the financial sector to various additional operational risks. In this context a framework for fraud risk management in banks has been laid down by Reserve Bank of India. In the context of the increasing incidence of frauds in general and in loan portfolios in particular, ensuring normal conduct of business and protecting risk taking ability assumes importance for smooth functioning of banks.

The objective of this program is to examine various challenges and solutions for implementation of "Framework for dealing with loan frauds" in commercial banks and draw their focus to prevention, early detection, prompt reporting and timely initiation of the accountability exercise. The program oriented towards minimizing the vulnerability of the banking system

Program Highlights

The program is structured to put in the best practices in banks by inviting the top regulatory authorities from the CVC, RBI, CBI and eminent legal authorities.
